**B. & O. READY TO
SPEND \$1,500,000
IN SOMERSET FIELD****Awaiting Consent of John-
stown Councils Before
Going Ahead.****IMPROVEMENTS IN FLOOD CITY****At Somerset New Yards and Station
are to be Erected and Branch
Equipped to Handle Heavy Traffic;
New Station Provided at Rockwood.**

Special to The Courier.
BALTIMORE, March 11.—The details of an extensive program of improvements which the Baltimore & Ohio system is about to commence on the Somerset & Cambria division, between Johnstown and Rockwood, were officially announced here today. The work will cost approximately \$1,500,000 and will be started, it was explained, just as soon as the sanction of the city authorities of Johnstown can be obtained, authorizing the railroad company to proceed.

The improvements will include modern passenger and freight facilities and large yards in Johnstown, more than doubling the present capacity of the Baltimore & Ohio's facilities there; construction of passenger and freight facilities which will enlarge the capacity of the terminal at Somerset, building long passing sidings and heavy steel bridges on the Somerset & Cambria division which will provide a double-track on a considerable stretch of the line, new passenger station at Rockwood and the construction of a new low-grade line between that point and Garrett.

The plan of betterment involves one of the most elaborate schedules yet undertaken by the Baltimore & Ohio in equipping a division to meet maximum requirements of the present as well as to provide for future development.

The railroad officials set forth that under the present plan Johnstown will become an important terminus of one of the busy divisions of the Baltimore & Ohio system. Modern passenger and freight stations and large assembling and interchange yards, also a roundhouse and other terminal buildings will be built in Johnstown, at a cost of about \$500,000. The expenditure may be even greater before the work is completed.

The assembling yard will be in the Sandysville cemetery district of Johnstown. The capacity of this yard will be 240 cars. The interchange yard, in which the traffic to and from the Cambria steel company will be handled, will be located north of Center street, on the present site of the passenger and freight station. The capacity of this yard will be 160 cars.

Fourteen locomotives will be handled each day after the improvements are in operation. There will be no other terminal points. An 80-foot turn-table will be built and a 70-foot ash pit for handling the locomotives; also engine-house with store-room, oil-house, etc.

As indicated, improvements will also be made south of Johnstown, but the next most extensive work will be done at Somerset. There, extensive facilities will be provided to take care of both passenger and freight business. A large freight yard will be built at Somerset, with a capacity of 500 cars. The freight facilities will enable the Baltimore & Ohio to handle the increased coal traffic from the Quarmonhough region to Tidewater and other points.

allowing direct movement of empty cars from Cumberland to the coal fields and the lands east from that point. A large roundhouse and other terminal buildings will be included in the improvements at Somerset, the cost of which will be about \$400,000. Somerset has been chosen as the division headquarters of the Johnstown-Rockwood line, being situated about midway on the division.

Steel bridges will replace water structures at Hopewell, Shaw, Point Creek, Hog Run, and other points. Creek, and these will permit of the operation of the heavy locomotives and cars that will be used on the line.

Work on the low-grade line between Rockwood and Garrett, over which freight originating on the Somerset & Cambria division will be handled, has been started. The construction of a third track and elimination of grades will be involved in the improvements. The new line will be nearly eight miles in length and will cost about \$500,000.

Other passenger stations, smaller than those which will be built at Johnstown and Somerset, will be included in the improvements on this section of the line.

An inspection of the Somerset & Cambria division will be made within the next week or ten days by A. W. Thompson, Third Vice President and chief operating officer of the Baltimore & Ohio system. Mr. Stuart, Chief Engineer; C. W. Gallaway, General Manager, and the division officials, for the purpose of going over the ground of the proposed improvements. At that time the officers of the railroad will visit Johnstown and discuss the proposed improvements with the city authorities. The probability is that this visit will bring forth new developments with regard to the plan of improvements.

It is stated that improvements contemplated on the Cumberland division will result in reducing the running time for fast passenger trains between Cumberland and Washington to 3 1/2 hours. The distance will be cut to 147 miles.

**BALTO. & OHIO SMASHES
RECORDS HAULING TROUPE****Gertrude Hoffman's Special Train
Goes from Baltimore to Pittsburgh
in Seven Hours.**

The Baltimore & Ohio railroad Company made a record on Sunday when it carried Miss Gertrude Hoffman and her company of "Broadway to Paris" players from Baltimore to Pittsburgh in seven hours, but this was broken by the road yesterday, when a special train carrying Miss Hoffman's baggage was sent through in forty-five minutes better time.

The first special of seven cars, carrying Miss Hoffman and the members of her troupe, left Baltimore Sunday morning at 10 o'clock, arriving in Connelville shortly after 4 P. M. Here a stop of two minutes was made and then the train continued on its way, reaching Pittsburgh at 5:15.

This was one of the fastest times ever made by the road over this division, and it was surpassed by the second section of the Hoffman train, which went through here yesterday afternoon at a speed little less than 60 miles an hour.

The second section was in charge of Conductor Newmarker and Engineer J. Hughes, engine No. 2127 pulling the train.

SAFETY FIRST MEETING**12,000 Attend Gathering of Railroad**

A throng of employees of the nine railroads serving Pittsburgh and the Pittsburgh district, so large that 6,000 were forced to flock to the building next door, where an overflow meeting was held, gathered in Exposition Music Hall there last evening at the largest "Safety First" rally ever held in Pittsburgh.

The meeting was conducted by and held for the benefit of the employees. Nine of the 13 speakers were active in the daily routine of railroad work. The audience which greeted their addresses, which included a delivery first in one hall and then in the one next door, numbered about 12,000.

The cry of "Safety First and Last," as one speaker put it, undoubtedly won thousands of adherents to the slogan by the rally. The advice given was all practical hints for the betterment of regulations and were recitals of experiences of men who had given gray hair to the railroad.

In active railroading, and an exhibition of photographs showing the best methods and devices with which to protect lives and legs and arms in shops and yards.

Hundreds of women relatives of the railroad employees also were present and the advocates of "Safety-First" measures aimed many of their remarks at them, asking for their paramount co-operation in helping the men, whose safety they shared, to realize the dangers to which they too frequently are exposed.

R. L. O'Donnell, general superintendent of the Western Pennsylvania Division of the Pennsylvania railroad, was chairman of the meeting.

BALSLEY IS SUMMONED**Directed to Testify Against Moving
Picture Trust in New York.**

Charles H. Balsley has been summoned to appear in New York on March 17 when the hearing in the government's suit against the Moving Picture Patent Company and firms in the alleged Movie Trust will be held.

Mr. Balsley is expected to be an important witness in the case, which the government contends will prove that the trust has operated in restraint of trade. Efforts are being made to break up the trust which is charged, has imposed an unfair burden on those with whom it had had dealings in addition to using unfair methods against its independent competitors.

The hearing will be held at the Hotel McAlpin. Edward H. Barker of the United States District Court will hear the testimony of J. R. Darling in conducting the suit for the government.

GRIM REAPER GAINS.**Within One of Equalling Births in
District for February.**

For the first time since the Registrar of Vital Statistics began recording the births and deaths in this vicinity, the deaths came within one of equalling the births in the district composed of Connelville borough, Connelville and Bainsville townships, as shown in the February report.

There were more deaths than births in Connelville borough, the record being 23 to 22. Connelville township had 3 births and 2 deaths and Bainsville 6 births and 4 deaths. The total for the district was 30 births and 29 deaths.

RAPS HIGH EMPLOYERS.**Illinois Official Declares Their
Concerns are Elastic.**

CHICAGO, March 11.—Millions of employees of Young Exls who state that low wages and immorality have no connection have very elastic consciences, or no consciences at all, according to Lieutenant Governor Barrett O'Hara, who commented this morning on the revelations made by the investigation committee probing vice conditions in Illinois.

The committee was unable to resume its hearings today, on account of the fact that the State Legislature reconvened. It will meet again in a few days.

**STATEWIDE "DRY"
BILL BEATEN IN
HOUSE, 108-90****Steele Amendment Lost Dur-
ing Fight on Second
Reading.****HOWARD SUPPORTS MEASURE**

Keegan and Cochran Vote Against It
and Goss Is Absent; Second Time
Liquor People Have Won in Present
Legislature; More Bills Coming.

Special to The Courier.
HARRISBURG, March 11.—The dry forces in the House met their second defeat last night when the Steele amendment providing statewide prohibition was defeated 108 to 90. The bill was called on second reading and the liquor interests immediately began the fight.

Of the four Fayette county Representatives, Howard alone voted for the measure. Keegan and Cochran were against it and Goss was absent. A few weeks ago the Rockwell Local Option bill went down to defeat on second reading, 121 to 83. Another fight is promised later when the club license bill comes before the House.

Two important hearings before the Committee on Intemperance of the House will be held late this afternoon on the Herandinger "pure shoe" bill and the Simmons bill prohibiting the placing of earth or any other material in any run, creek, river or stream in the State. Shoe manufacturers from this and other States will protest against the Somerset county man's measure requiring that shoes must be labeled as to whether leather, paper or fibre is used in their manufacture. The Simmons bill is being opposed by coal and iron companies. Much slag from the blast furnaces is dumped along the creek in the western part of the State and in many places the courses of streams have been changed.

State employees will be summoned this afternoon before a special committee of the House to testify in regard to their holdings more than one position in the State government.

Motion picture men, real estate men and owners of small vaudeville theatres are preparing to besiege the Legislature to enter their protest against the bill introduced into the House which provides that all amusement places must be licensed. The argument advanced by the real estate and amusement men is that if the Alien bill becomes a law it would be necessary for the small amusement places to pay a license of at least \$500.

Vigorous debate over proposed pure food legislation is anticipated late today when the Senate Committee on Health and Sanitation holds a public hearing on measures prepared by James Foust, Dairy and Food Commissioner of Pennsylvania. Commissioner Foust has arranged to have Dr. Adolph Koehnig of Pittsburgh, one of the leading medical men of the western section of the State, urge the enactment of the bill to prohibit the use of benzoin of soda and other preservatives in foods. It is expected that the committee will make a slight concession to the candy makers by amending the bill so that small quantities of artificial coloring may be used in the manufacture of candy.

**SCHOOL BOARD WILL
ASK PEOPLE TO VOTE
ON \$175,000 BONDS****Proposes Issue for Construc-
tion of a New High
School.****ALL MEMBERS FAVOR THE PLAN**

Short Meeting Is Held in Which Rer-
the Business Is Transacted After
Report of Building Committee Is
Passed Upon by Favorable Action.

The first step toward securing a new High School building for Connelville was taken last night by the School Board at its regular meeting. Then a resolution providing for the issuance of bonds to the value of \$175,000, the approximate cost of the proposed structure, was passed.

The resolution was introduced by the Building Committee. Director A. W. Bishop was of the opinion that the amount should be larger, but he finally surrendered to the sentiment of the other members, voting for the adoption of the resolution, which carried unanimously.

Before the indebtedness of the district can be increased, it will be necessary for the Board to hold a special election, at which the voters will be given the opportunity of approving or rejecting the proposition.

Aside from the foregoing resolution, the routine business was discussed. Reports were received from the Secretary and Treasurer, a large batch of monthly bills was ordered paid, and the vacancy created in the teaching staff of the West Side school by the illness of Principal F. R. Yeager was considered. In the absence of President F. E. Younkin, Lloyd Shaw occupied the chair. Other members present were: Clarence W. Hays, A. W. Bishop, C. H. Balsley and W. W. Smith.

An application was read from Miss Ethel Buckingham, a candidate for the position of Principal of the West Side schools. Since Principal Yeager has been ill, Miss Buckingham has been acting as a substitute, attending to his duties. Four other candidates, Misses Trump, Francis, McPherson and Davis, were also considered for the position. It was finally decided to make no appointment at the present time. Miss Buckingham will continue to teach in place of Principal Yeager until the end of the school term.

Superintendent Ashe brought up the question of observing Good Friday and Decoration Day. He recommended that no school be held on those days, the work thus lost being made up at the conclusion of the term. The suggestion was adopted.

Work in the Domestic Science and Manual Training departments of the schools is progressing favorably. Superintendent Ashe reported that the pupils are showing an active interest in the work.

**COLONEL HURST EFFECTS A
MERGER OF COAL PROPERTIES****Is Active in \$2,500,000 Concern in the
Tyrants Valley District of
West Virginia.**

Colonel W. F. Hurst, the Scottsdale coal operator, returned from the east Saturday and announced that arrangements had been made for the morning of the coal properties in the Tyrants Valley, W. Va., in which he is interested, together with other Fayette and Westmoreland county capitalists. The holdings of the companies to the merger aggregate in the neighborhood of 21,000 acres of coal and 161 coke ovens, the latter being at two plants. The remaining properties are strictly coal propositions. The name of the new company, which will be capitalized at \$2,500,000, will be the Meriden Coal & Coke Company. A charter has been taken out and development and construction work will be pushed vigorously as soon as all the details have been arranged.

The present capacity of the properties being merged is approximately 1,200,000 tons of coal and 100,000 tons of coke per year.

Colonel Hurst has been working on the merger for some time and it was through his efforts that the deal was finally consummated. He will take a prominent part in the management of the new concern.

MRS. CAROLINE HOGG DIES**Former Connelville Resident; Had
Been Ill Three Weeks.**

Mrs. Caroline Austin Hogg, a former well known Connelville resident, died yesterday morning at the Kenmare Hotel, Shadyside, following a three-week illness. Services from the Kenmare tomorrow afternoon at 3:30 o'clock.

Mrs. Hogg was the widow of John T. Hogg, who was one of the most widely known and prominent residents of Fayette county. She was a daughter of Mr. and Mrs. John Morse Austin and was born in Uniontown. Fifty years ago she was married in Uniontown to Mr. Hogg. Most of all of her married life was spent on the old Hogg homestead in the West Side. Mr. Hogg's death occurred number of years ago and for the past ten years with her daughter, Miss Elizabeth Hogg, she had resided at the Kenmare. She was a member of the Calvin Episcopal Church.

The following children survive: Mrs. James Asa Childs of Connelville, Mrs. George W. Bissell, and Miss Elizabeth Hogg of Pittsburgh, and Mrs. Stewart Johnson of Cranston farm, Ceresopolis.

She was the mother of the late Jas. B. Hogg, of Connelville, who died last year.

URGE FEDERAL COMPENSATION**Congress Urged to Pass Law to Aid
Underpaid Women.**

WASHINGTON, March 11.—As a result of the revelations of the Chicago White Slave probe, appeals are pouring into the Legislators from all sections of the country, asking them to support the passage of a Federal Women's Compensation law. The investigation has stirred the people of the nation as has no other probe in years, and it is possible that it will result in the passage of such an act.

The fact that the big business men of the country oppose a State Women's Compensation law, and favor a Federal law put the matter up to the National lawmakers. They will have to take some action, but it is feared that an attempt to pass such a law will meet with the States' Rights' league.

Mrs. Champ Clark, wife of the speaker of the House, asserted this morning that a law should be passed by Congress and that it should be national in its scope.

WATCH THE COURIER.
Educating and Entertaining Proposi-
tion will be Held Tomorrow.

Commencing with tomorrow's issue of The Courier, one of the most effective, instructive, educating and entertaining propositions ever heard of or seen in this county will be inaugurated in this paper. It is something that will interest father, mother, brother and sister, grandpa and grandpa, too.

The thousands of readers of The Courier, Connelville's great big popular family newspaper, will be delighted when they see it. We would like to go into details and tell you all about it but time and space forbid. It is free. But be on your guard, and be very sure to get tomorrow, Wednesday's Courier. Don't miss it.

ORDERS GIRL TO LEAVE.

Lives Seven Hours After
Accident.****DEFECTIVE GAS HOSE IS BLAMED****Married on Christmas, Her Life Is
Snuffed Out as She Begins Break-
fast for Young Husband; He Stamps
Out Flames Which Fed on Clothing.**

Special to The Courier.
UNIONTOWN, March 11.—Mrs. Elsie Holland, 19 years old, bride of a few months, was fatally burned this morning in a gas explosion. She died seven hours later in the Uniontown hospital. The explosion partially wrecked the home of Mrs. Louis Peasulles, 166 West Berkley street, where the young married pair had rooms.

Mrs. Holland arose early this morning, dressed and went to the kitchen to prepare breakfast. She lit a match but even before she had time to turn on the gas there was a terrific explosion which shook the house. The young woman was enveloped in flames which burned every part of her body with the exception of her feet. The husband jumped from bed and rushing to the kitchen, but the force of the explosion had jammed the door shut and he had to break it in. There he found the girl writhing with pain on the floor. He smothered the fire with a sheet. The clothing seemed to burn highly inflammable fuel for the flames.

Mrs. DeSaules, who also rushed to the aid of the girl, put out the fire which had ignited the kitchen curtains. The room was wrecked and the balance of the house badly damaged.

A peculiar feature of the accident is that there had been a gas light burning in the kitchen throughout the night. Mrs. DeSaules thought she smelled gas about 11 o'clock last night but did not think it serious enough to warrant an investigation. The rubber hose which connected the stove is believed to have leaked gas throughout the night until sufficient had accumulated to cause the explosion when the match was lit by Mrs. Holland.

The young woman was married on Christmas day. She was formerly Miss Daisy Harding, daughter of Mr. and Mrs. George Harding of Hopwood. The husband who survives her has barely passed his majority.

MURDER TRIAL ON
Commonwealth Witnesses Testify
Against Marco Gatti.

UNIONTOWN, March 11.—With the jury completed, testimony was begun today in the murder trial of Marco Gatti, charged with the killing of Otto deBibus at Big Meadows Run on February 2. Coroner H. J. Bell, Civil Engineer E. C. Baker and Thomas Faibio, a boarding boss at Big Meadows Run, were the first witnesses called by the Commonwealth.

Mary and Kate Galardo, Bridget and Rosa Washneck were acquitted of assault and battery on Mrs. John Cook of Leipswing but the jury divided the costs.

William Marsh was acquitted of absconding a board bill and the costs were placed on W. W. Glatfely, the prosecutor.

Russell Threatsack, charged with desertion, was directed to pay his wife \$30 a month.

PLASTERGON

Wall Board Makes Homes Lovely and Artistic

Don't build a house, garage, cottage or factory till you see Plastergon.

Don't remodel a room, fix up an attic or den until you've examined the only treated board for walls and ceilings.

It never wears out, cracks or breaks. It's better, cheaper, than lath and plaster, with no cost for up-keep.

It's ready to put on, and anybody can put it on. It's sanitary, moisture and vermin proof, resists heat and cold and is fire and sound retarding.

Sample from Plastergon Wall Board Co., Tonawanda, New York.

By Practising Economy You Can Buy Future Independence

By John P. Fallon.

Every time you practice economy, whether in the purchase of a spoon of cotton or a penny less than usual, or in the buying of a home at the right time and in the right place, you are buying independence for yourself.

One of the best and quickest ways to buy independence through economy is to read the advertisements in THE COURIER every day. They tell you how to get the full value for your money, when you can buy economically, where you can secure the things you need at the lowest prices.

Follow the advertisements in THE COURIER carefully and constantly so you will be able to purchase everything you buy most economically.

clothed with a little brief authority to lead into private business leads to the suspicion that official station is being used to promote selfish interest.

The anti-splitting ordinance threatens to visit the City Hall again. Some of the most potent arguments in its favor may be found almost any time on the sidewalks in the central part of the city.

Interstate Commerce Commission hearings are sometimes more illuminating for the information withheld than for the testimony given.

It seems that there are plenty of good citizens who are willing to condemn Connelville for a proper consideration.

CHORES CREDITED FOR COUNTRY BOY AND GIRL PUPILS

Unique System to be Introduced Into Schools About Scottsdale.

MARKS TO BE ADDED TO GRADES

Knowledge Principal J. Henry Blair thinks this will be as practical as Manual Training and Domestic Science. Parents are interested.

Special to The Courier.
SCOTSDALE, March 11.—Principal J. Henry Blair of Alverton, who is at the head of the public schools of East Huntingdon township, intends introducing into the schools for the next month of this term an idea that will probably be very popular with the parents. A system of credits will be established for the boys and girls who do the chores about the home before and after school.

It will be a schedule that will be popular with the pupils, as by it the home chores done will earn them something on their grades. It seems reasonable that the boy or girl who learns something practical at home is not without a right to have that credited as part of his education. Numerous boys and girls in the country are fitted for life largely by the habits of work they form while doing the chores.

The town boy gets credit for manual training work, the girl for domestic science. It is Principal Blair's idea to have the country boy and girl get credit when the work is real, as it is when done at home. So many points are given for each kind of "chore," and some certain average number makes a unit and the unit is equivalent to a credit on the general average for the year. Two thousand credits equal, for example, five per cent. The child that secures 2,000 credits in a year for well done home duties gets the five per cent added to their general average. It will promote industry at home, and many an earnest hardworking child will feel that somewhere there is credit for work done with the hands, as well as the head. And while there are credits there are also things that will reduce the average. The use of the two systems of rewards and penalties work a fine average where it has been tried. It is said.

The schedule of credits for chores is as follows:

Milking each cow	5
Caring for stables	15
Separating cream	5
Preparing milk cans	7
Cleaning horses, each	10
Gathering eggs	10
Feeding chickens	5
Feeding pigs	10
Feeding horses, two	15
Feeding cows, two	15
Churning	15
Making butter	10
Keeping school clothes in proper condition	125
Cleaning and blackening stove	15
Making bread	75
Making biscuits	15
Preparing breakfast	20
Preparing supper	20
Washing dishes, family of five	15
Preparing school lunches, each	10
Sweeping floor	5
Dusting room	5
Scrubbing floor	10
Making beds	5
Bathing	15
Coming to school physically right	10
Necessary errands	10
In bed at 9 P. M.	10
Carrying coal, day's supply	10
Carrying water	5

Against these there are the following things which will reduce the credits, as follows:

Absence from school	25
Less than 90 per cent. deportment at school	20
Less than 90 per cent. deportment at home	20
Tardy	20
Failure in recitation, each time	10
Failure to come to school physically right	10
Correspondence at school, each time	10

The plan will likely be tried at only a couple of the schools. If others do not apply for it this term, to see how the system works out. The parents will keep the record of the pupils as to their home work. Such a system is said to have worked wonders in conduct and grades wherever anything like this has been tried.

DON'T FORGET.
Saint Patrick's Day—the 17th of March—is a time easy to remember. Don't forget that the same time the First National Bank of Scottsdale opens their Christmas Savings Club. Hundreds will join. You should be one of them. For full information call at the bank or secure one of the circulars.—Adv.

AT HOUSE PARTY.
Mrs. James B. Cook of Monongahela City, who spent several days last week visiting her parents, Mr. and Mrs. J. L. Campbell of Loucks avenue, left on Friday, for State College. She was accompanied by her school friend, Miss Ethel M. McNeil of Wilkesburg, and the two ladies were guests at the Delphi fraternity house party at State College.

WELL KNOWN.
The five State police in plain clothes who left Scottsdale yesterday forenoon in an open wagon of T. W. Hayes, driven by James Culler, bound for Warren Run, in an effort to capture Noah Hough, alleged to have slain Chief of Police Michael Pittner at Monaca on Saturday, were successful. They brought Hough back in time to go to Greensburg with him on the 2:30 West Penn car. Hough was taken to Webb's restaurant for his dinner. He was manifestly nervous while eating, and when he was through and came out accompanied by the State men, he spoke to his brother Lynn Hough of town. The two had no conversation, however. Hough was captured at the home of one of his relatives near Warren Run, and offered no resistance. The principals in the tragedy were all from this locality. Hough is a son of Washington Hough who lived in a log house on West Pittsburg street extension, along the road on the D. & F. farm 35 or 40 years ago.

Chief of Police Michael Pittner.

formerly lived in this locality. He was for some years in charge of the farm of the late Dr. M. B. Gault, near the Tyrone Presbyterian Church, and later lived near David Francis' at Cunningham's Bridge, before going to the John G. White farm at Narrowsville. He had also lived in the Morgan valley. County Detective O. M. Fleming of Scottsdale made the information charging Hough with murder.

It seems as though we can't keep pace with the demand for these Bed Outfits.

Of course there's a good sound reason for the tremendous demand. There's no question but what this bed is the hand-somest and finest finished bed ever included in an outfit at anywhere near such a low figure, but we have sold so many of them that it does not seem possible the demand for so many can continue much longer. Twice since our first sale, the manufacturers have raised their price on these beds, but we'll give you one more opportunity to buy them at our original low price. The Bed, Spring and Mattress for

"LITTLE BOY BLUE" CHARMS BIG AUDIENCE AT COLONIAL

Happy Combination of Mirth and Melody Again Attracts Popularity of Musical Comedy.

Musical comedy is the best drawing card the local theatres can offer. The truth of this was again brought home last evening when "Little Boy Blue" held the boards at the Colonial. It was the most pretentious musical show of the present season. It amply repaid those who braved the rain to fill the big South Side playhouse from orchestra to gallery.

Some professed to be disappointed with the production, but they are hard to please. It was none worth the price to see Otis Harlan. "Little Boy Blue" proved entertaining throughout. In one particular it fell short. The scenic effects were decidedly ordinary and far below anticipations. However, this meagerness in background was offset by the pretty costumes.

Chorus girls with bare knees are a novelty. There were many pairs of undergarments covered with half hose instead of the conventional stockings. The effect was interesting.

Miss Kathleen Clifford proved alluring, either as a boy or a girl. Her voice was sweet, if lacking in volume and her personal charm contributed largely to the gaiety of the evening.

Miss Maude Odell as the Seeress was handicapped by a severe cold. There were opportunities for getting beyond the proprieties which this young lady kindly overlooked, to the great relief of the audience and without in the least marring her splendid work.

John Dunsmore as the Earl of Goben and Franklin Farnum as Gaston were well cast while Charles Illness supplied his share of the comedy as Archie. The chorus was good to look upon and particularly well trained. The voices were strong and clear, especially in the "Annie Laurie" song of the second act.

The music, mostly by Henry Berens, with interpolations, was not of the kind that lingers. "Love Never Dies" possessed the greater charm. All of the songs were tuneful, but were not the whistling kind of music.

HAIR GOODS DEMONSTRATION

A Professional Hair Dresser will be in our Hair Goods Department all this week showing the ladies of Connelville and vicinity the correct and latest New York and Paris modes of hair dressing. This lady's work and talk on the styles for hair dressing will be instructive as well as interesting to all women who desire and appreciate the correct dress for the hair. During this week we will have on display the most complete line of hair goods ever shown in Connelville. This was made possible by the co-operation of one of New York's biggest hair goods house to whom we entrust our regular business.

SPECIAL CARE AND PAINS

will be taken to match all hair perfectly. While the selection is without a doubt the most complete, there still may be a possible chance of not being able to match some certain shades of hair. In that instance special orders will be taken by the lady demonstrator and then sent direct to the New York office, where it will have the careful and personal attention of the firm.

GINK AND DINK—No, Gink's Wife Wouldn't Detain Him for Worlds.

By C. A. Voight.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism and Serious Diseases Follow.

There are other symptoms, such as pain in the region of the kidneys, nervousness, dizziness, tired and worn-out feeling, weak bladder, painful, scanty, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's Disease, Dropsy, or Diabetes.

It is not only dangerous, but needless, for you to suffer, and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery. There is no more effective remedy known for kidney, bladder, bladder trouble, and rheumatism, than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged-up pores, neutralizes and dissolves the poisonous uric acid and waste matter, that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day, for a few days is often all that is needed to cure the worst backache or overcome disagreeable urinary disorders, and you can take it with the utmost confidence that nothing on earth will so quickly cure the worst case of kidney, bladder trouble, or rheumatism.

You will find Croxone different from all other remedies. There is nothing else like it. It is so prepared that it is practically impossible to take it into the human system, without results. An original package costs but a trifle at any drug, close drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.—Advertisement.

THE SOISSON.

"TALES OF HOFFMAN" TONIGHT.

The Aborn English Grand Opera Company, the only American organization of its size and kind, which comes to the Soisson theatre tonight will present Offenbach's finest opera comic, "The Tales of Hoffman."

A novelty in English repertoire. The Aborn name has reached a high position in the operatic annals of New York, Boston, Chicago, Philadelphia and a few other cities in which it has appeared for runs of from five to twenty weeks each season during the last decade, and in many other cities in which it had one-week engagements.

Three years ago for the first time in its history, this organization included a number of other large cities for shorter engagements with equal success, finding a large demand for their offerings everywhere. The present Aborn organization is larger and more pretentious than last season, including one hundred players in its double cast, large chorus and complete orchestra, and carries four carloads of scenery, costumes and effects, traveling entirely by special train.

GRAND LUXURY PRODUCTIONS IN COLORS OF NATURE.

It is well known that Lyman H. Howe, whose Travel Festival comes to the Soisson Theatre, arrives on night, Saturday, March 15, can take objects in life which seem very common and familiar and reveal them in a new light that gives them a significance and beauty never realized.

Every phase of nature, science or life seems to offer unlimited scope to his cameras. By means of these reproductions facts of deep vital interest are conveyed to the mind which could not be equally impressed by any other method. They impart an entirely new conception of life here, there and everywhere, and these impressions endure far beyond the temporary occasion of their presentation. They are indelible. Just as a Shakespearean production imparts entirely new conceptions which the printed text cannot convey, so too, does Mr. Howe's Travel Festival radiate new light on the moving pageantry of human life and activities all over the earth. In this sense Lyman H. Howe may be consistently termed the Shakespeare of animated photography.

A GENEROUS OFFER

Your Money Refunded if Parisian Sago Doesn't Banish Dandruff.

Protry strong talk, perhaps you'll say, but it's honest talk, every word of it, because if A. A. Clarke was not absolutely certain if he did not know from actual results obtained he could not make such a generous offer.

Parisian Sago can now be obtained in every town in America. It is guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sago is a prime favorite with women, because it keeps the hair brilliant and fascinating, is daintily perfumed, and is not sticky or greasy.

The price for a large bottle is only 50 cents at A. A. Clarke's who guarantees it. Sold everywhere, or direct, all charges prepaid, by the American makers, Glouco Mfg. Co., Buffalo, N. Y.—Advertisement.

MOTHER! WATCH THE CHILDREN'S BOWELS

If Cross, Feverish, Sick or Tongue Coated Give "Syrup of Figs."

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels so promptly, besides they dearly love its delicious fig taste.

If your child isn't feeling well, resting nicely, eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged-up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

SUBMITS BRASS BEDS TO ACID TEST

WONDERFUL NEW DISCOVERY

Miss Emily Redmond, Gives Wonderful Demonstrations of Acid Tests on the New Darnard Lacquer Beds at Aaron's Store This Week.

Miss Emily Redmond from the chemical laboratories of Prof. Raikes of London, England, discoverer and maker of Darnard Lacquer, arrived in the city today, taking up headquarters at Aaron's where she will conduct a series of demonstrations and tests of the new Darnard Lacquer Beds, so extensively advertised throughout the continent. Miss Redmond is a relative of the famous John Redmond, member of Parliament, and known throughout the world as the great Irish Home Rule leader, and she lacks no enthusiasm in her chosen work.

Miss Emily Redmond.

enthusiasm in her chosen work, interestingly demonstrating in a pleasing manner the wonderful enduring qualities of this newly discovered lacquer, which even the strongest acid fails to leave the slightest mark where applied. The one great objection to brass beds in the past has been the fact that they easily tarnished and were almost impossible to keep in presentable condition, being affected by moisture, gas or coal fumes and even perspiration from the hands. In the series of tests to be resorted to this week, Miss Redmond will use nitric acid, 25 per cent. ammonia, wood alcohol, salt solutions and other alkali cleaners without leaving so much as a sign of a mark or scar on the beautiful Darnard Lacquer. The demonstration is almost beyond belief, but so convincing is Miss Redmond with her demonstrations, visitors this week will at once perceive the great advantages gained by this new chemical discovery. Miss Redmond has demonstrated the qualities of this Darnard Lacquer to thousands of visitors in the metropolitan stores all over the United States and no one is probably better qualified to conduct these tests, and Aaron's may well feel complimented that the young lady is in position to give this store the entire week. Not only does Miss Redmond demonstrate to all visitors the superior qualities of Darnard Lacquer beds, but in an intelligent manner gives present owners of brass beds valuable information as to how to care for them.

This Darnard Lacquer process is used exclusively by the Pittsburgh-Hickson Company, The Aaron Company of this city controlling exclusive sale of the line in Connelville. The manufacturers of this Darnard Lacquer bed are so confident of the lasting quality of their line, they do not hesitate in giving every purchaser a guaranteed bond against tarnishing, backed fully by an insurance company that is known by the United States Government as a sole security on Government bonds.

The new lacquer is sure to prove popular with the housewife, who will find the demonstration now in progress well worth a visit any day during the week. All visitors will find Miss Redmond a pleasant talker, never too busy engaged to enthusiastically demonstrate the qualities of the wonderful new discovered lacquer. Advertisement.

LOCAL PRODUCE MARKET

Sales of produce in the retail market were brisk the greater part of last week. Shipments of green-stuffs from Florida and California continued large and the movement was good.

Very good stocks of tomatoes, new green and wax beans were received, and the prices are low. The call for potatoes is full. Stocks on hand are heavy and storage houses at shipping points are filled. Farmers still have large stocks on hand. It is believed that the prices will decline considerably before the present crop is disposed of.

Meat prices remained almost stationary, the only change being on veal steaks, which went to 25 cents the pound. Fresh country eggs dropped 3 cents a dozen, and butter remained firm at 40 and 42 cents.

OPENING OF SPRING STYLES WEDNESDAY, MARCH TWELFTH

THE FORMAL and Complete Presentation of New Millinery, including Original Wright-Metzler Modes; Women's suits, coats, gowns, frocks, footwear, lingerie and corsets; Children's apparel—headwear to shoes; silks, laces, trimmings, tissues and summer woolsens; gloves, hosiery, neckwear and other dainty accessories; refined preparations for the toilet; and "Home-y" things as floor-coverings, curtains, wall-papers; cut-glass, china, housewares; pure foods.

YOU ARE WELCOMED

to a store up-to-date in its cleanliness and sparkling with new things for a new season.

Merchandise display will greet you in each department and the people in charge will do all in their power for your comfort. Visitors wishing to make purchases need not hesitate to ask for what they want; business goes on just the same.

The window and interior decorations will delight you.

DISTINCTIVE WOMANLY APPAREL

Dresses, suits, coats — for women and girls—distinctive whether plain and dignified or charmingly unusual. Certain models—one of a kind—are made original and exclusive to Wright-Metzler's—Connellsville. They reveal to women certain newer fashions classical in line, precise in construction and usually obtainable only in select shops in large centers.

It will be interesting to study the creations we speak of—and exhibited Wednesday—from the artist's point of view.

MILLINERY—FEATURING ORIGINAL WRIGHT-METZLER MODES.

Small hats are the favorites and may be of long, deep telescope, aeroplanes or round Oriental shape with becoming crinkles, slashes and undulations that defy description. And, remember: the angle at which they are worn will "Mar or Make."

Unusual, indeed, to see trimmings at the back—tall shoots of algebras or paradise, pointed wings, tall bows, fancy ribbons, and so on. Colors are numerous and lovely—tulips, Nell rose, greens, poppy, etc.

THE MORNING HOURS

will be ideal for close inspection of the displays. Naturally, the afternoon finds more people at store openings and the crush makes trying-ons and critical examinations difficult to accomplish. The store will close at six o'clock.

KIEFERLE'S ORCHESTRA

will enliven the hours of the afternoon with his peerless concert selections.

Visit the carpet room on the sixth floor and see the great stocks we'll do business with this Spring.

IF THIS IS YOUR BIRTHDAY.

You will worry about money, but nothing worse than worry will happen, and the year will be fortunate for you and for those dear to you. You will form new friendships. Those born today will be of kindly disposition, diplomatic and of good address. Some of them will reach high positions, being particularly fitted for the management of foreign commissions.
